

Notes from Leith Chooses 30th December

Sally Millar, Bruce Ryan, Douglas Tharby

1. Sally updated that she had spoken to Caroline after our last meeting, filled out Bruce's notes somewhat (see minutes for 16th and 23rd December) and discussed what we could do to reach the 'queried' project groups asap. But not much to be done as most are closed for the holiday period, and Caroline herself is not working.
 - 1.1 Sally has made contact with Sabrina Tickle of Sikh Sanjog re SHE Scotland project. But no conversation held yet.
 2. Bruce has now updated the text on the LC website gallery in line with the latest spread sheet Caroline sent round. He will set aside time on 4th and 9th January for any more updates to gallery.
 3. Sally will be available to make small text edits in the LC gallery in between times, if corrections come in from projects (but will not touch graphics etc. in order to protect placeholders etc.)
 4. Sally had contacted Emma Candy to get a new preview pass to the Consultation Hub, as previous one had expired and no access possible over recent days / week. Emma provided this.
 5. Sally had circulated a first draft of reedited text for the Consultation Hub. Bruce had responded quickly with comments. Discussed and agreed a latest version – Bruce is emailing it round for others to comment / confirm asap. Agreed important to get this finalised asap as the first 2 weeks of January will be very busy with text for projects. Aiming to get this to Emma and Julie by 5th January?
 6. Agreed that press release is not useful at this point but should be sent out as soon as the Gallery is 'live'.
