

## Leith Chooses meeting 7<sup>th</sup> February 2024

Present: Jade, Sally, Don, Douglas (partial), Tremaine, Abigail, Jack (minutes)

Apologies: Susan (chair)

- Steering Group went through the list of 68 voters that were initially deemed non-eligible or we had queries about. This may be because the address wasn't valid or there was insufficient information provided. This was brought down to 26 invalid votes following the Leith Chooses principle of giving benefit to the doubt.
- **Online voting figure:** After the 2,835 online voters total, 2,809 are eligible.
- **In-person voting figure:** There were 923 in-person main votes (with the provision that this includes same people casting up to three votes, so a median of 307 voters).
- **Boost vote ratio:** 249 in-person boost votes. It is likely 81% of the 307 hypothesised votes cast a boost vote, which matches with last year.
